Snapping up success

Situation:

College in Iowa was trying to assemble the right media mix and strategy to reach prospective new students. Overall awareness and name recognition was ok, but applications were lagging from previous marketing efforts.

Goals: Increase brand name awareness and help build their high school student pipeline. Drive campus tours and online applications.

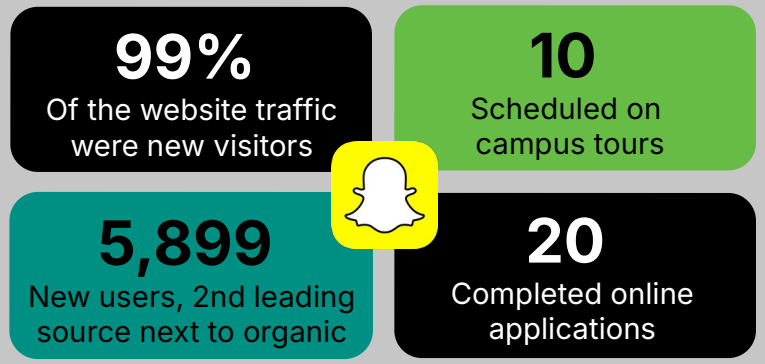

Research insights: Campus study uncovered they weren't advertising on the #1 social media platform as voted on by their students (Snapchat).

Strategy/Solution: Utilize Snapchat to reach target market of high school students.

Campaign Insights:

Campaign Length: June 24 - August 31, 2019
Budget: $9,000
KPI's: Campus tours and online applications.

Results

Side note: Snapchat was not in the original marketing plans. Therefore budget was limited. Due to the success of the campaign, the client is allocating more budget this year for Snapchat, Spotify, and Connected / Addressable TV.
