Adtaxi Education Case Study

Omnichannel approach boosts new online program

Situation:

A University in Minnesota wanted to launch an online program to allow students to complete their bachelor's degrees whether they transfer from a community college or working on finishing a degree.

Challenge: Starting from the ground up they needed to prove demand quickly to support start-up costs and justify future investments.

Integrations: Form Fills for requesting additional info were piped directly to the client's CRM (Slate) for nurturing.

Solutions: Developed a full-funnel omnichannel strategy across Programmatic/RTB Display, Facebook, Instagram, LinkedIn, Paid Search and Retargeting.

Campaign Insights:

Campaign Length: 15 months
Budget: ~$225K
KPI's: Measured multiple metrics of prospective student interest including Program Details, Degrees & Courses, Admission Details and ***Form Fills as the primary KPI.***

Platforms and Results:

Social
Imp: 1,960,000
Clicks: 6,850
Form Fills: 356

Search
Imp: 228,000
Clicks: 7,295
Form Fills: 257

Display
Imp: 22,068,500
Clk./View-thru: 17,635
Form Fills: 280

$252.00
Cost Per Completed Form Fill
