Cruise Ships

Includes category intelligence for cruise ships, excursion boats, and airboats.

Industry Background

Albany - Schenectady - Troy TV market includes all or portions of these counties: Albany, Albany, NY, Bennington, Berkshire, Columbia, Fulton, Greene, Hamilton, Montgomery, Rensselaer, Saratoga, Schenectady, Schoharie, Warren, Washington

Primary NAICS Code: *483112*
Deep Sea Passenger Transportation

Primary SIC Code: *4481*
Deep Sea Transportation of Passengers, Except by Ferry (deep sea activities)

Industry Intel

The industry is in the business of coordinating passenger travel with onboard and onshore entertainment and shopping opportunities.

The cruise industry competes with other vacation destinations such as resorts. Florida stands apart from all other U.S. states in the cruise line industry. Over half of all U.S. embarkations occur at one of three major Florida ports: Miami, Port Everglades and Port Canaveral. Other key states include California, Alaska, New York, Texas, and Hawaii. Smaller market segments include operators that serve passengers who want to cruise in a sailing ship and exploration cruises which have 200 or so passengers on board who want an education experience as part of the package.

Cruising offers a broad range of products to suit vacationing guests of many ages, backgrounds and interests. Cruise brands can be broadly classified as offering contemporary, premium and luxury cruise experiences.

The contemporary experience typically includes cruises that last seven days or less, have a more casual ambiance and are less expensive than premium or luxury cruises. The premium experience typically includes cruises that last from seven to 14 days and appeal to the more experienced cruise guest who is usually more affluent and older. Premium cruises emphasize quality, comfort, style, more destination-focused itineraries and the average pricing is normally higher than contemporary cruises. The luxury experience is usually

characterized by smaller vessel size, very high standards of accommodation and service, higher prices and exotic itineraries to ports that are inaccessible to larger ships.

To get more people to take cruises, operators offer short cruises of three to four nights. Ships continue to increase in size with some carrying up to 3,500 passengers and there's competition to offer amenities such as rock climbing and ice skating.

The U.S. cruise ship operators generate about $36.5 billion in revenue annually with about 71 businesses.

Know the Customers

Target Customers

In 2023, the passenger volume in the U.S. was approximately 18.1 million.

Cruising appeals to a broad range of ages and income levels. The average age of a cruise guest typically varies by brand and ranges from approximately 40 years to 60 years across the contemporary, premium and luxury cruise categories.

Cruising provides something for every generation, from kids' clubs to an array of onboard entertainment provided to teens and adults. Cruising also offers a diverse range of ship types and sizes, as well as price points, to attract guests with varying tastes from most income levels.

Millennials and Gen Zers are increasingly interested in cruises, with a focus on sustainability and unique experiences. These generations are also more likely to travel solo than other generations. About 10% of cruise travelers departing from the U.S. are traveling solo.

[Sources: "How cruise lines can win Gen Z and the travelers of tomorrow." Ey.com, 12 Sept. 2023. Web. Oct. 2024.; "State of the Cruise Industry Report." Cruise Lines International Association. Cruising.org, Apr. 2024. Web. Oct. 2024.; United States. Securities and Exchange Commission. "Carnival Corporation: 10K." Edgar Online, 26 Jan. 2024. Web. Oct. 2024.]

Target Customers by Mile Radius

Most customers are drawn from a 500 mile radius.

A survey found that 50% of respondents are willing to drive up to 500 miles to a port. Approximately 75% of the U.S. population lives within driving distance of a cruise port.
[Sources: "Cruising's Popularity Surge Continues." TravelPulse.com, 5 May 2017. Web. 23 May 2017.; “2024 Cruise Industry Update.” Expediafranchise.com, 3 Jul. 2024. Web. Oct. 2024.]

Top Factors People Consider When Choosing This Type Of Account

To encourage first-time and repeat cruisers and better compete with other vacation alternatives, the cruise industry has done, among other things, the following:

- Expanded entertainment options
- Provided flexible dining options including open-seating dining
- Offered money-back guarantees
- Added more shipboard attractions
- Added branded specialty restaurants, bars and cafés
- Enhanced internet and communication capabilities
- Offered shorter cruises from a variety of home ports
- Collaborated with well-known brands to attract more families

Cruises are recognized as one of the safest and most sustainable ways to travel.

Negative publicity in the media regarding cruise lines has had an impact on sales. Corporations are expecting to overcome this through pricing actions and marketing.

Areas of political instability and political unrest may impact cruise destinations and therefore demand for cruises.

[Sources: “State of the Cruise Industry Report.” Cruise Lines International Association. Cruising.org, May 2024. Web. Oct. 2024.; United States. Securities and Exchange Commission. "Carnival Corporation: 10K." Edgar Online, 26 Jan. 2024. Web. Oct. 2024.]
